

22 Timbertop Ct WONGLEPONG, QLD

4 2 10 24281 m2

Position and Potential

This large home is situated only minutes to Canungra in a quiet cul-de-sac street. This is a quality parcel of land just under 6 acres and besides a great house there is also a very large machinery shed and concrete driveway which curls through to the back of the property. The property has a great supply of tank water and also an equipped bore. There is an orchard including a large area of Dragon Fruit which produces enough fruit to take to market. This property really does have the potential to be a paradise with King Parrots that come to be hand fed on the verandah. This is a great lifestyle block that would suit a hobby farm and your choice of livestock.

Price: 535000

Property Type: Acreage/Semi-Rural
